Cost \$50.00 per class
9:00 am to 12:00 pm*

Week 1 ~ June 22 - 26 What Can a Body Do? Instructors: Meg Fedorowicz Anya McCormick

Lab Fee: \$5

Class Maximum 25

Enjoy a week of learning body awareness through songs, games, dance, yoga, exercise, nutrition and science. We will also prepare nutritious snacks. Students will learn about the care and feeding of the human body. Please bring a clean white T-shirt to the first class.

Week 2 ~ June 29 - July 3 Book Bonanza Instructors: Meg Fedorowicz Anya McCormick

No Lab Fee

Class Maximum 25

Come and learn what goes into making a book from the storyline to the physical book. Students will enjoy reading, acting out, creating copycat books, and learning how to make two different kinds of books. Bring your favorite book to the first class

Week 3 ~ July 13 - 17 Science Fun

Instructor: Denise Szenderski

Lab Fee: \$5

Class Maximum 25

Let's have fun experimenting this week! We will make magical ice, invisible ink, and a volcano that we will erupt. These are just a few of the experiments we will be conducting this week. Plan on a week of fun and learning! Come and explore the world of science!

Week 4 ~ July 20 - 24 Arts and Crafts

Instructor: Dawn Weatherholt

Lab Fee: \$4

Class Maximum 25

Join us for a week of arts and crafts designed for the preschool child. Your child will love creating things with their hands.

Week 5 ~ July 27 - 31 Beach Week

Instructor: Dawn Weatherholt

Lab Fee: \$4

Class Maximum 25

Join us for a fun-filled week learning about sun, water, sand, seashells and animals that live in the water. We will play beach related games, sing songs and do beach crafts.

Week 6 ~ Aug 3 - 7 Bugs, Bugs and More Bugs Instructor: Holly Abrams

Lab Fee: \$5

Class Maximum 25

Come and learn all about bugs and explore the world of insects and arachnids. We are going to study their habitat, life cycle, diet and their autonomy. We will be making insect crafts, singing songs, finger plays and other activities. Snack is provided.

Week 7 ~ Aug 10 - 14 Calling all Paleontologist Instructor: Holly Abrams

Lab Fee: \$5

Class Maximum 25

Come and learn about the exciting world of dinosaurs! We are going to study the different types of dinosaurs, their diet, behavior, autonomy and life cycle. We will have a dinosaur dig, make fossils, sing songs and have finger plays. Snack is provided.

Week 8 ~ Aug 17 - 21 Art with Nature Instructor: Denise Szenderski

Lab Fee: \$5

Class Maximum 25

Nature has so much beauty to offer and this week we will be using nature to make beautiful art. We will be making paperweights using rocks and pebbles; creating a lovely picture from flower pounding; and making a special picture frame with seashells. These are just a few of the art with nature pieces planned. Come and see what else can be made using nature!

Week 9 ~ Aug 24 - 28 Caring for Wildlife Instructor: Denise Szenderski

Lab Fee: \$7

Class Maximum 25

This week we will have a "wild" good time learning all about wildlife. We will be taking nature hikes to discover what wildlife we have right here in our meadow. We will learn what our wild friends like to eat and all about their habitats. We will also be making birdhouses and several kinds of wildlife feeders. So, come and have fun caring for our animal friends!
