**No Lab Fees**

**Cost: \$50.00**

Description: Come join us for a special week of community service activity! It's all about helping our local community. We will work together to develop our plan, make the arrangements, and then go out and "deliver" our services. This is a great opportunity to learn how easy it is to get involved, how much fun it is to help others, and how good it feels to make a difference!
